Group Tour Excursion Rates

Quabbin Reservoir Tour ~ 150.

A one hour guided tour that delves into the intriguing history of how and why the Quabbin Reservoir was built during the Depression Era. Four of the towns in the Swift River Valley were flooded to create a drinking supply for Boston and surrounding towns. It was a controversial move at the time, but it gave people struggling to find work a government-funded job. Though the project uprooted many families and homes, the end result is a majestic, pristine, protected area for wildlife, and a park for people to enjoy, in addition to being Boston's water supply.

Quaboag Hills Tour ~ 150.

Travel over quaint back roads with rambling stone walls, tall white steeples, majestic maples, colonial homes ~ over every rise and around each bend comes a discovery far from the beaten path.

Your tour guide will help you get to know the "real" New England.

Musical Entertainment ~ Prices vary
